Dear Mr. McKinnon:

On May 29, 2013 a representative of the U.S. Environmental Protection Agency inspected Rogers Brothers Galvanizing located in Rockford, Illinois. In response to violations of the Resource Conservation and Recovery Act identified during the inspection, we issued a Notice of Violation to you on March 5, 2014. Subsequent to our Notice of Violation you submitted additional information regarding the identified violations in correspondence dated April 9 and May 2, 2014.

This letter is to inform you that EPA has reviewed the referenced responses, and does not plan additional enforcement action at this time. This letter does not limit the applicability of the requirements evaluated, or of other federal or state statutes or regulations. EPA and the Illinois Environmental Protection Agency (IEPA) will continue to evaluate your facility in the future.

If you have any questions or concerns regarding this matter, please contact Todd Brown, of my staff, at (312) 886-6091.

Sincerely,

A handwritten signature in blue ink, reading "Gary J. Victorine".
